Re: 2020-21 First Interim Budget - All Funds

---

## ***BUDGET NEWS***

The Governor's 2020-2021 Budget was approved in June, 2020. The revised state budget, as it impacts education, was similar in nature to his May Revise proposal, with small conservative changes as to how the one-time funds would be dispersed (specific grants, general fund unrestricted one-time funds, Learning Loss Mitigation funds, COVID-19 relief funds, etc.) and the STRS/PERS implemented rates at the state level. The Governor's office, Fiscal Crisis and Management Assistance Team (FCMAT), and School Services of California are all advising school districts to budget conservatively and cautiously when forecasting future budgets because of the presumed unsustainability of the local/state/national/global economy.

The District gathered feedback from numerous stakeholders (staff, parents, District Advisory Panel, District Leadership Alliance, CSEA, LCMEA, DELAC and Fiscal Advisory Committee) during the preparation of the 2020-21 budget process. Their recommendations guided the District to develop the current approved budget. District staff are continuously updating the 2020-21 Budget and developed a conservative Multi-Year Projection for the out years 2021-23 Budget. The District used recommendations from the Governor's Adopted Budget, FCMAT, School Services of California and local governmental agencies to develop the 2020-21 First Interim Budget and the Multi-Year Projection (MYP). The amount of information available is not as detailed as in past years due to so many unknowns of the current and future state of the local/state/national/global economy. Assumptions are made based on the most current information available at the time of First Interim Budget development.

## ***Message from the Marin County Office of Education on Reserves/Reserve Cap***

The Common Message continues to reinforce the need for reserves in excess of the minimum reserve for economic uncertainty (3%). The state-required reserve for economic uncertainty represents only a few weeks of payroll for most districts. The Government Finance Officers Association recommends reserves, at a minimum, equal to two months of average general fund operating expenditures, or about 17-20%. In determining an appropriate level of reserves, districts should consider multiple external and local factors including but not limited to:

- State and federal economic forecasts and volatility
- Unknown impacts of federal tax reform on state revenue
- Forecasted revenue changes versus projected expenditure increases in budget and multi-year projection years
- Ending balance impact of various district enrollment scenarios
- Cash flow requirements and the relationship between budgeted reserves and actual cash on hand
- Savings for future one-time planned expenditures
- Protection against unanticipated/unbudgeted expenditures
- Credit ratings and long-term borrowing costs

A prudent reserve affords districts and their governing boards time to thoughtfully identify and implement budget adjustments over time. Inadequate reserves force districts to react quickly, often causing significant disruption, sometimes unnecessarily, to student programs and employees.

The unknown financial implications of COVID-19 can greatly affect the District's already low reserve level. The District adopted approximately one million dollars in cuts in the 2018-19 budget year. The District made approximately \$817,000 in cuts within all personnel groups, and \$330,000 in operational expenses. The District then imposed a hiring freeze, reduced FTE within non-represented groups and made additional operational cuts where possible for the current 2020-21 adopted budget (reduction of approximately \$800,000). Our District is a perfect example of what can happen to a district with low reserve levels and the impact of slight revenue shifts or large expenditure hits based on the last three budget years.

The District has used the following assumptions in building the 2020-21 First Interim Budget and the Multi-Year Projection (2020-21 through 2022-23):

**Revenues Assumptions:**

- Property Tax Growth
  - In 2020-21 a 5.5% property tax growth from previous year, 2.25% property tax growth for 2021-22 and 0% property tax growth for 2022-23 and out years
    - Please note that 1% of property tax growth is approximately \$114K
    - The District is projecting property tax loss in both commercial and residential in out years due to the unknown effects of COVID-19
- LCFF Revenue Assumptions: From 2020-21 through 2022-23
  - Significant decrease by 2022-23 and then a relatively slow increase in enrollment in 2023-24
  - 96% ADA to enrollment
  - 0% COLA to LCFF Base
- SPARK contribution projected at \$1,250,000 from 2020-21 through 2022-23
- Lottery revenues projected with a reduction of 30% in funding for 2020-21 through 2022-23
- Mandated Block Grant projected flat funded from 2020-21 through 2022-23
- Federal revenues projected with a reduction of 12% from 2020-21 through 2022-23
- Special Education projected at flat funded from 2020-21 to 2022-23
- Parcel tax projected at current number of parcels with 5% escalation from 2020-21 to 2022-23

- Lease revenue based upon current signed leases from 2020-21 to 2022-23
- Local revenues with a reduction due to impact of COVID-19 to facility rentals from 2020-21 to 2022-23

**Expenditures Assumptions:**

- Staffing Assumptions
  - Step and Column included
  - No change to the salary schedule
  - Current Staffing included in 2020-21
    - Absorption of some open positions from 2019-20
      - Reduction in 0.2 FTE for District Nurse
      - Absorption of 2.8 FTE Teaching
    - 1 FTE Confidential Classified layoff
  - Staffing in 2021-22 includes reinstating positions not filled in 2020-21
    - 4.1 FTE Certificated Teachers
    - 0.4 FTE Assistant Principal
  - Staffing reductions in 2021-22 reflecting Phase II recommendations from the 2020-21 Budget Adoption committees
    - Totaling approximately \$514,740
- STRS and PERS Rates:
  - Based on the current enacted legislation and budget adoption
    - STRS: 16.15%
    - PERS: 22.70%
      - The Governor’s Adopted Budget approved lower rates of STRS at 16.15% and PERS at 20.70% in 2020-21 and STRS at 16.0% and PERS at 23% in 2021-22
- Operational expenditures are based on the current rates, contracts, agreements, MOU’s, etc.
  - Reduction of professional development budget by \$140,000 for 2020-21.
  - Reinstating professional development budget by \$60,000 in 2021-22
  - Reinstating professional development budget by \$80,000 in 2022-23
- Please note, the current MYP does not reflect budgeting for additional unknown expenditures due to implementing a new educational model and requirements imposed by the health department and/or CDC.
  - Possible additional costs maybe as follows:
    - Additional staff to cover unexpected absences
    - Additional licenses/software/devices
    - Supervision for additional cohort groups
    - Different model of providing lunch service
    - Childcare

The District is presenting a MYP that models a majority of the Phase I recommendations totaling approximately \$800,000 and indicates Phase II reductions totaling a \$514,740 in 2021-22. Phase I and II recommendation where presented to the board at the May 27, 2020 board meeting.

## **GENERAL FUND**

Detailed Key Budget Assumptions used to prepare the 2020-21 budget are attached to this narrative, followed by factors to consider for the two subsequent fiscal years. They include all of the expenditures supporting the District's strategic priorities and draft Local Control Accountability Plan (LCAP).

### **Revenues**

#### **Local Control Funding Formula (LCFF) Revenues: \$13,463,945**

The State is funding the LCFF at a 0% Cost of Living Adjustment (COLA). LCFF funding eliminated; (1) the prior funding formula known as revenue limits, (2) the deficit factor, and (3) collapsed almost all state categorical revenue into the LCFF formula. The District has used the (FCMAT) LCFF calculator, with the attached budget assumptions, to calculate revenue estimates for 2020-21 through 2022-23. The District is projected to receive \$13,463,945 in LCFF revenue for 2020-21, an increase of \$922,679 over the 2019-20 funded level due to COLA, "Gap" funding, and local property tax growth. The \$922,679 increase is attributed to the District's excess property tax.

Districts are now known as "LCFF funded" or "Basic Aid." Based on the assumptions used projections indicate the District will be Basic Aid funded for 2020-21 through 2021-22.

#### **Federal Funding: \$819,614**

Federal funding consists of \$213,056 in Special Education Funding, \$506,525 ESSER/Learning Loss Mitigation Funding (one-time), \$100,033 in Elementary and Secondary Education Act (ESEA) funding (Title I, II, III and IV).

#### **State Funding: \$1,412,311**

The implementation of LCFF has reduced the number of state categorical programs. The District's remaining state funding is limited to Lottery funding of \$242,337, Mandated Cost Block Grant of \$47,736, State Mental Health funding of \$49,646 and Learning Loss Mitigation funds (one-time) of \$106,701.

Another change in State funding comes in the form of an accounting change. The STRS payments that the State makes "on behalf" of school district employees is now recorded as an expense, and recorded as equal state revenue as well. There is no net impact of this change in accounting (a \$965,891 increase to both State Revenue and STRS expense), with the exception of a slightly increased reserve for economic uncertainties, which is calculated based upon total expenditures.

#### **Local Funding: \$6,199,214**

Parcel tax revenue of \$3,352,450 has been budgeted based upon preliminary estimates of the approved Measure A at \$831.56 per parcel for the 2020-21 fiscal year.

SPARK has updated their contribution to the General Fund to \$1,250,000, based upon current budget development meetings.

Lease and local revenue of \$798,969 is included based upon current leases, consisting primarily of the long-term lease to Marin Primary and Middle School, facility use agreements and memorandums of understanding with other school districts/entities.

The local Special Education Local Plan Authority (SELPA) has updated their contribution to the General Fund to \$797,795, based upon current budget development meetings and average daily attendance reporting.

### ***Expenditures***

Employee salaries and benefits equal 83.02% of the District's expenditures. The remaining 16.98% of the budget funds are contracted services, supplies and materials, capital outlay, and other expenses. Elementary school districts are required by law to spend at least 60% of total expenditures on classroom-related expenses, including teachers and student support staff. The District maintains a percentage well over 60%.

Salary and benefit projections include current salary agreements, including step and column placements, proposed and implemented increases to STRS, PERS, and Workers' Compensation rates. Any new hire positions not filled at the time of adoption are budgeted for the highest salary placement allowed per bargaining unit contracts.

### ***OTHER FUNDS***

The *CAFETERIA FUND* (Fund 13) was budgeted based on historical operations using current reimbursement rates, indirect cost rate, and anticipated food services contract rates for 2020-21. The District started the process of reviewing the current food program and future programs at the start of the 2017-18 school year. The District will be publishing a Request for Proposal in March 2021 to see if any other Food Service Management Companies can meet our requirements for the 2021-22 school year.

The *BOND FUND* budget (Fund 21) includes the three main 2014 Measure D projects which were completed in September of 2017. There are no expenditures included in the proposed budget due to all remaining funds having been spent. Now that the books have been closed for 2019-20, the fund will be re-categorized as facilities fund for parks and recreation agreements and District wide facilities projects.

The *DEVELOPER FEE FUND* (Fund 25) is funded by Level I Developer Impact Fees. The rates for these fees are set by the State Allocation Board and enacted by the District after performing a justification study. The District's current rates of \$3.36 per sq. ft. for residential and \$0.54 per sq. ft. for commercial properties were approved in April of 2014. The District is estimating another slight developer fee decrease, but is hopeful it will come in flat from prior year, as no significant development projects have been approved or initiated.

Key planning factors for LEAs to incorporate into their 2020-21 budgets and MYPs are listed in the Marin County Office of Education Common Message (attached) and are based on the Governor's May Revision. In addition, LEAs should take into consideration any local statutory adjustments that may affect their budget, such as minimum wage adjustments, residential/commercial property tax loss, local reserve levels, etc.

**Part I - General Administrative Share of Plant Services Costs**

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

**A. Salaries and Benefits - Other General Administration and Centralized Data Processing**

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)  
(Functions 7200-7700, goals 0000 and 9000) 739,543.00
- 2. Contracted general administrative positions not paid through payroll \_\_\_\_\_
  - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
  - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

**B. Salaries and Benefits - All Other Activities**

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)  
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 16,904,664.28

**C. Percentage of Plant Services Costs Attributable to General Administration**

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.37%

**Part II - Adjustments for Employment Separation Costs**

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

**A. Normal Separation Costs (optional)**

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. \_\_\_\_\_  
Retain supporting documentation.

**B. Abnormal or Mass Separation Costs (required)**

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

**Part IV - Carry-forward Adjustment**

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

<b>A. Indirect costs incurred in the current year (Part III, Line A8)</b>	<u>1,265,348.23</u>
<b>B. Carry-forward adjustment from prior year(s)</b>	
1. Carry-forward adjustment from the second prior year	<u>0.00</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
<b>C. Carry-forward adjustment for under- or over-recovery in the current year</b>	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.25%) times Part III, Line B19); zero if negative	<u>14,644.68</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.25%) times Part III, Line B19) or (the highest rate used to recover costs from any program (5.23%) times Part III, Line B19); zero if positive	<u>0.00</u>
<b>D. Preliminary carry-forward adjustment (Line C1 or C2)</b>	<u>14,644.68</u>
<b>E. Optional allocation of negative carry-forward adjustment over more than one year</b>	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
<b>F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)</b>	<u>14,644.68</u>

Approved indirect cost rate: 6.25%  
Highest rate used in any program: 5.23%

**S8. Status of Labor Agreements**

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

**If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:**

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

## First Interim Report Key Guidance

On September 18, 2020 the Governor signed Senate Bill (SB) 820, an Education Trailer Bill, which made technical changes to provisions of SB 98 and the budget. Changes include growth funding based on a proxy of Average Daily Attendance (ADA), Learning Loss Mitigation (LLM) extensions for Governor's Emergency Education Relief (GEER) and general fund apportionments, exclusion of Coronavirus Aid, Relief and Economic Security (CARES) Act funding from Routine Restricted Maintenance contribution (EC 17070.75), and requirement to update the Budget Overview for Parents template to reflect alignment with 2021 Learning Continuity and Attendance Plan and 2019-20 Local Control and Accountability Plan (LCP) increased or improved expenditures.

While the Governor still seeks support from the federal government for COVID-19 relief, revenue reductions have been shifted to cross-year cash deferrals beginning in February and are projected to continue through June.

The DOF recently released its monthly report on state general fund revenue collections and, after two months of modest job recovery and general fund cash stabilization, state revenues peaked in the second quarter of 2020. General fund cash collections resulted in \$4.5 billion (12.8%) above the forecasted \$35.6 billion.

As LEAs navigate through unprecedented fiscal challenges, maintaining fiscal solvency continues to be the priority. Monitoring cash flow is crucial, as well as developing multiple budget assumptions, including best and worst-case scenarios for multiyear projections.

## Significant Changes Since Budget Adoption

Below are the highlighted changes from the state Adopted Budget dated June 29, 2020 from varying bills:

- Growth funding accommodations for eligible LEAs
- No ADA collected in 2020-21 for apportionment purposes
- Extended deadline for GEER funds to September 30, 2022
- Extended deadline for LLMF GF funds from December 30, 2020 to June 30, 2021
- Expanded eligible expenditures for LLM funds to address health and safety
- LLM and Elementary and Secondary School Emergency Relief (ESSER) funds are excluded from expenditures for the purposes of the Routine Restricted Maintenance Account (RRMA) calculation
- Lottery Instructional Material funds (Resource 6300) – definition of instructional materials to include laptop computers and other devices that provide internet access
- Increased funding for school nutrition programs
- SB 1159, Workers' Compensation: COVID-19: Critical Workers

## Local Control Funding Formula

The final budget for 2020-21 suspended the statutory COLA of 2.31% on the Local Control Funding Formula (LCFF) and removed the 10% proration factor proposed in the Governor's May Revision to hold all LEAs, with the exception of LEAs eligible for SB 820 growth funding and newly operational charter schools, at 2019-20 ADA levels. This change was made possible in part by increasing deferrals of the principal apportionment to \$11 billion to be paid in the 2021-22 fiscal year. Up to \$5.7 billion of the deferral would have been eliminated with the receipt of additional COVID-19 relief funds; however, the current stalemate at the federal level has, at the very least, delayed any additional federal assistance.

The latest news in the DOF monthly report on state general fund revenue collections for August indicates that the pandemic's initial impact on California's economy and state revenues peaked in the second quarter of 2020. California has now recovered one-third of the jobs lost in March and April for an unemployment rate of 11.4% in August. While this recovery is good news, it is far from the 4% unemployment rate reported a year ago. It is becoming clearer that COVID-19 will be a multiyear problem affecting all aspects of school operations and finance.

Given this economic outlook, the reliance on one-time funds including reserves, and the magnitude of deferrals required to maintain LCFF funding, all districts are encouraged to view the LCFF planning factors showing a 0% COLA as a best-case scenario. It is strongly recommended that all LEAs continue to develop multiple budget assumptions for the multiyear projection to be prepared for both best and worst-case budgets in the future.

## School Finance, Instruction & Accountability

Budget trailer bills include new education codes establishing school finance, instruction and accountability for the 2020-21 school year. In 2020-21, LEAs must meet requirements for minimum daily instructional minutes and annual instructional days, must offer in-person instruction to the greatest extent possible and may offer LEA-wide or schoolwide distance learning per health order or guidance from public health officers for students who are medically fragile or who would be at risk by in-person instruction. Local attendance collection is still required for absence tracking and reporting but ADA will not be used for funding calculations. The statutes outline distance learning criteria including daily live interaction with certificated employees and peers for instruction, progress monitoring and school connectedness. If daily live interaction is not feasible as part of regular instruction, the LEA must develop, with parent and stakeholder input, an alternative plan for frequent live interaction. Additional requirements include documenting daily participation for each pupil and maintaining class level weekly engagement records and certifying to the time value of assignments, including assigned instruction in distance learning to ensure that the minimum daily instructional minutes have been met. These requirements will be part of the 2020-21 supplemental audit guide. LEAs must document participation for each student on each instructional day in which distance

learning is provided. Daily participation may also be used to track attendance, and may include but is not limited to any of the following:

- evidence of participation in online activities
- completion of regular assignments
- completion of assessments
- contacts between employees of the LEA and the student or parents/guardians
- other methods of verification determined by LEAs

LEAs are required to record and track student attendance and participation for the purpose of compulsory education, identifying the need for tiered reengagement strategies, reporting student attendance in CALPADS for chronic absence reporting and avoiding audit penalties. LEAs should categorize absences as either excused or not excused. Only absences without a valid excuse are a violation. Participation may include but is not limited to: online activities, completion of regular assignments, and contacts between employees of the LEA, including those other than teacher, and pupils or parents or guardians. LEAs must develop written procedures for tiered reengagement strategies for all pupils who are absent from distance learning for more than three (3) school days or 60% of the instructional days in a school week. Additional information related to attendance, including excused and unexcused absences, is available on the [Distance Learning Frequently Asked Questions web page](#) under the Attendance and Absences section.

LEAs are also required to complete a weekly engagement record to document whether students received synchronous or asynchronous instruction for each whole or partial day of distance learning that aligns with the plan developed by the local governing board, verify daily participation, and track assignments. The weekly engagement record and daily participation tracking are separate requirements, although they can be combined to meet both requirements. In response to these additional recordkeeping requirements, CDE has developed an [optional combined daily participation and engagement record template](#): <https://www.cde.ca.gov/fg/aa/pa/documents/template.pdf> for use in fiscal year 2020-21. While CDE has provided an approved template, LEAs have many options for tracking participation and engagement. LEAs are advised to review CDE's [Instructional Time Resources](#) webpage at <https://www.cde.ca.gov/fg/aa/pa/instructionaltime.asp> for links to the CDE developed template, an alternative template, a CDE template user guide and an LEA alternatives guide. Also available through the Instructional Time Resources webpage are [2020-21 Funding and Instructional Time FAQs](#) which provide additional information regarding attendance and instructional time recordkeeping requirements. LEAs are also advised to coordinate with external auditors to ensure compliance with all attendance and distance learning requirements for 2020-21.

The initial budget trailer bill established that all LEAs will receive funding in 2020-21 based on 2019-20 ADA. However, SB 820 makes changes to allow funding for ADA increases in specified cases. SB 820 allows LEAs, except for nonclassroom-based charter schools, to recognize funded ADA growth if the 2020-21 Adopted Budget or 2019-20 Second Interim Report explicitly projected growth in overall enrollment or ADA in 2020-21.

If these criteria are met and the LEA projected enrollment growth, 2020-21 ADA will be calculated based on the lesser of the following:

- the LEA’s projected enrollment from the 2020-21 Adopted Budget or 2019-20 Second Interim Report, reduced by the 2019-20 statewide average rate of absence for 2019-20 as calculated by CDE. If ADA is used to establish eligibility for growth funding, CDE will use the 2020-21 ADA projected by the LEA in its substantiating documentation.
- The LEA’s certified CALPADS enrollment as of Information Day census day (October 7, 2020), reduced by the 2019-20 statewide average rate of absence for 2019-20 as calculated by CDE

Under no circumstances shall an apportionment calculated for a LEA be less than the apportionment that would be calculated based on 2019-20 ADA, (EC Section 43502).

CDE posted an online application for LEAs seeking funding for growth:

<https://www.cde.ca.gov/fg/aa/pa/sb820growthfaqs.asp>. LEAs must apply by November 6, 2020, and provide documentation of specified information and attest that it is true and correct and is the most recent budget adopted by the governing board on or before June 30, 2020 or is the 2019-20 Second Interim Report adopted by the governing board.

In addition to the above circumstances for an LEA to seek funding for enrollment or ADA growth in 2020-21, SB 820 also provides for adjustments due to a school district reorganization or for pupils from a charter school that ceases operation during or after the 2019-20 school year and does not provide instruction in 2020-21. These adjustments will be made automatically by CDE and apply only to LEAs that are funded on a 2019-20 ADA. LEAs funded on growth will not receive these additional adjustments.

## Risk Factors

Fiscal uncertainties require careful planning and excellent contingency plans. These plans required quick redirection in the 2019-20 fiscal year as COVID-19 spread across the world and national and state emergencies were in effect. Economic factors and legislative decisions at the state and federal level led in some cases to immediate relief but also major long-term unknowns.

LEAs should continue to follow these fundamental best practices:

Structurally balanced budget: A budget that supports educational plans over multiple years.

Reserves: The Government Finance Officers Association recommends a reserve balance based on an analysis of the types of risk being managed with reserves. A general guideline is a minimum of 17% or two months’ worth of operational expenditures.

Cash: The Fiscal Crisis and Management Assistance Team emphasizes the need to assess not only fund balance but also actual cash on hand. This budget year LEAs face an unprecedented dollar amount of deferrals. Risk factors include:

- Potential delays in local tax receipts

- State’s ability to sustain deferrals versus enacting cuts to education funding
- Short timelines to spend large sums of funding, changing federal requirements, unknown audit requirements
- Reliance on one time stimulus funding
- Unknown costs due to changes in accountability
- Litigation costs: due process, COVID-19 exposure
- Changes in statutes, i.e. SB 1159 Workers’ Compensation - this bill defines “injury” for an employee to include illness or death resulting from the 2019 novel coronavirus disease (COVID-19) under specified circumstances, until January 1, 2023. The bill would create a disputable presumption, as specified, that the injury arose out of and in the course of the employment and is compensable, for specified dates of injury, self-insured joint power authorities are at a higher risk due to the nature of potential claims
- Cost of mitigating learning loss over time
- Reductions in ADA and loss of hold harmless ADA protection in 2021-22
- Requirements to provide more services to students in need
- Increases in state non-education funding obligations

## Negotiations

Negotiations will continue to be challenging. The full effect of the COVID-19 pandemic and the length of the resulting recession are still unknown. For planning purposes, LEAs should assume it may take several years for a full economic recovery. While the 10% reduction in LCFF funding was rejected in the final 2020-21 budget package, it was replaced with 0% LCFF COLA and \$12 billion in cross fiscal year deferrals. Federal funding has been limited and additional federal funding is uncertain. Potential volatility in state income tax revenues combined with additional state funding obligations may also be a factor in 2021-22 and 2022-23. LEAs should be aware of the considerable downside risks that exist in 2021-22 and 2022-23 and seriously consider the distinct possibility that increased deferrals, reduced LCFF funding or both may occur in 2021-22 and 2022-23. LEAs will need to be thorough and meticulous in calculating the impact of proposed bargaining settlements, outlining best case scenarios based on each LEAs’ circumstances.

## Learning Loss Mitigation

With the passage of trailer bill SB 820, clarity and greater flexibility were made available to LEAs in using learning loss mitigation funds for necessary COVID-19-related expenditures. This is particularly helpful to those LEAs that did not receive federal ESSER funds.

GEER resources shall be used from March 13, 2020 through September 30, 2022. Resources apportioned from the state general fund shall be used from March 1, 2020 through June 30, 2021.

Resources apportioned from the Coronavirus Relief Fund (CRF) shall continue to be used from March 1, 2020 through December 30, 2020, unless otherwise provided in federal law.

All of these funds may be used for activities that directly support academic achievement and mitigate learning loss related to COVID-19 school closures. Funds may be used to support individuals served by LEAs, including, but not limited to, those enrolled in a childcare program, California state preschool program, kindergarten, any of grades 1 through 12, and adult education programs, and shall be expended for any of the following purposes:

- (1) Addressing learning loss or accelerating progress to close learning gaps through the implementation, expansion, or enhancement of learning supports that begin before the start of the school year and the continuation of intensive instruction and supports into the school year.
- (2) Extending the instructional school year by making adjustments to the academic calendar, increasing the number of instructional minutes provided during each week or school day, or taking any other action that increases the amount of instructional time or services provided to pupils based on their learning needs.
- (3) Providing additional academic services for pupils, such as diagnostic assessments of pupil learning needs, intensive instruction for addressing gaps in core academic skills, additional instructional materials or supports, or devices or connectivity for the provision of in-classroom and distance learning.
- (4) Providing integrated pupil supports to address other barriers to learning, such as the provision of health, counseling, or mental health services, professional development opportunities to help teachers and parents support pupils in distance-learning contexts, access to school breakfast and lunch programs, or programs to address pupil trauma and social-emotional learning.
- (5) Addressing health and safety concerns, including, but not limited to, purchasing public health testing, personal protective equipment, supplies to sanitize and clean the facilities and school buses of an LEA, and for other related needs.

LEAs must ensure that funding is used in full compliance with state and federal law, and must have adopted, on or before September 30, 2020, at a public board meeting, a learning continuity and attendance plan. Funds could be expended before the plan was adopted.

LEAs shall maintain a file of all receipts and records of expenditures for no less than five (5) years, or, where an audit has been requested, until the audit is resolved, whichever is longer.

LEAs shall report, on or before October 15, 2020, the balance of any unexpended funds received from the CRF to the Superintendent of Public Instruction (SPI). This requirement was met with the data supplied for the second cycle of CRF report, which closed on October 7th. Any funds that are not expended by December 30, 2020, shall be reported to the SPI within 30 days and the SPI shall initiate

collection proceedings. The CDE will gather this information as part of the next cycle of CRF reporting, which is scheduled to close on January 6, 2021.

An emerging concern is the low rate of expenditures and obligations reflected in the first and second cycles of CRF reporting. Initial analysis of this data reflects that a significant number of LEAs have expended or obligated less than 50% of its CRF apportionment. Budget bill language allows the state to recapture and reallocate unspent CRF funds prior to December 30 if there is a concern that the CRF funds will not be fully expended by the deadline. LEAs should ensure that plans and activities are in place to fully expend the CRF funds by December 30, and make extra effort to ensure that the period cycle reporting of CRF funds is accurate.

LEAs shall report, on or before August 31, 2022, the balance of any unexpended funds received from the federal trust fund (GEER) to the SPI. Any of these funds that are not expended by September 30, 2022, shall be reported to the SPI within 30 days and the SPI shall initiate collection proceedings.

## LCAP and the LCFF Budget Overview for Parents

For 2020-21, the requirement to adopt an LCAP was replaced with the requirement to adopt a Learning Continuity and Attendance Plan in September.

This year LEAs are required to adopt a 2020-21 LCFF Budget Overview for Parents with the First Interim Report by December 15, 2020. The budget overview will be drawn from the First Interim Budget Report which should include learning loss mitigation (LLM) funds. If the LEAs Learning Continuity and Attendance Plan did not include LLM funds, a public hearing should be held on the budget overview for parents. The budget overview can be presented in a public hearing and adopted in a single meeting.

Please note there is a very narrow window between the second Friday in December (December 11), which is the earliest date that an LEA can hold the annual organizational meeting of its board, and the December 15 deadline for adopting the budget overview for parents. An LEA could choose to have its current board meet earlier in December to adopt the first interim and budget overview. Otherwise, LEAs must consider scheduling a board meeting between December 11 and December 15.

The LCFF Budget Overview template has been revised, for this year only, to require reporting of both expenditures connected to the 2019-20 LCAP and expenditures connected to the 2020-21 Learning

Continuity and Attendance Plan. Furthermore, SB 820 requires CDE to revise the template for the Annual Update to the LCAP before January 31, 2021, to include reporting on both the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plans.

Although the Annual Update does not need to be completed until next year in connection with the adoption of a new three-year LCAP, LEAs will need to begin gathering the actual expenditure data for actions and services tied to the 2019-20 LCAP now. This will ensure that the dollar amount reported on the LCFF Budget Overview for Parents in December aligns with the amounts reported in more detail when the Annual Update is completed next spring.

Because of the severe, unexpected, and ongoing disruptions to LEA operations caused by the COVID-19 pandemic, LEAs will need to be particularly thoughtful and clear about how they communicate about these matters to their stakeholders. There is likely to be disconnect between planned expenditures and what actually happened. Many LEAs were unable to carry out some of the actions and services called for in their adopted 2019-20 LCAPs due to the shutdown last spring, and they may instead have implemented many unplanned actions and services to help high needs students. Similarly, the plans documented in Learning Continuity and Attendance Plans, on a very tight timeline, may not all come to fruition as the pandemic operating environment continues to evolve.

## Special Education

For the 2020-21 fiscal year, the budget includes a new Special Education base funding formula that utilizes each individual LEA's second and annual principal apportionment ADA, including districts, charters and COEs; calculates allocations to SELPAs based on the ADA reported for the SELPA for the current fiscal year, the most recent prior fiscal year, or the second most recent prior fiscal year (whichever is greatest) and continues to allocate funds to SELPAs. The budget includes an increased, ongoing allocation to the new base funding formula resulting in a 2020-21 base rate of \$625 per ADA. The Marin County SELPA's base rate is over \$700 per ADA and we therefore anticipate the SELPA will be flat funded for at least the next few years through the AB602 formula.

The AB602 formula also includes categorical funding for the Out of Home Care program serving students in Licensed Children's Institutions attending Non-Public Schools. The Out of Home Care program rates remain unchanged for 2020-21 – i.e. 0% COLA. The AB602 plan also includes add-on funding for Low Incidence disabilities that is passed through to the districts based on equipment expenditures. The state budget has been increased by \$100 million for 2020-21 low incidence disabilities budget which could result in a significant increase in funding for Marin. The SELPA will bring this forward for discussion to determine if we should change the existing allocation plan.

All other existing AB 602 Special Education categorical funding sources remain unchanged and frozen at 2019-20 funding levels until a new funding formula is adopted in a future fiscal year. For the 2020-21 fiscal year and each fiscal year thereafter, mental health-related services funding shall be available for pupils with or without an individualized education program.

Five hundred thousand dollars in one-time IDEA funding is allocated for a study of the current SELPA governance and accountability structure and \$350,000 in IDEA funds is provided to develop a standardized IEP template and addendum for distance learning.

## Fiscal Flexibility Provisions

Except as outlined below, LEAs will receive funding in 2020-21 based on 2019-20 ADA and must meet specific distance learning and instructional day requirements to avoid an audit penalty.

Flexibility relief proposed in the May Revision remains the same, as follows:

- Exemption if apportionment deferrals create a documented hardship (limited)
- Authority to exclude state’s pension on-behalf-of payments for the RRMA calculation
- Increase in internal interfund borrowing limits (subject to public hearing) from 75% to 85%
- Use of proceeds from property sales for one-time general fund purposes
- Extension of statutory timelines to address the annual LEA audit due to COVID-19

SB 820, the state budget cleanup bill, provided additional flexibility:

- Allows an adjustment for enrollment growth to LEAs that projected enrollment or ADA growth in the LEA’s board approved 2019-20 Second Interim Report or 2020-21 Adopted Budget.
- Expands the use and deadlines of the following Learning Loss Mitigation Funds.
- Allows ESSER and LLMF funds to be excluded from the calculation of the RRMA contribution.
- Lottery Instructional Materials funds (Resource 6300): Modifies the definition of “technology-based instructional materials” to include laptop computers and devices that provide internet access required for students and teachers.

## Cash Flow / Deferrals

The final budget language includes \$12 billion of principal apportionment cash deferrals from fiscal year 2020-21 to fiscal year 2021-22:

- |                                       |                |
|---------------------------------------|----------------|
| • From February 2021 to November 2021 | \$1.54 billion |
| • From March 2021 to October 2021     | \$2.38 billion |
| • From April 2021 to September 2021   | \$2.38 billion |
| • From May 2021 to August 2021        | \$2.38 billion |
| • From June 2021 to July 2021         | \$2.38 billion |

These principal apportionment deferrals are ongoing and were added through EC Sections 14041.5 and 14041.6. Partial principal apportionments will be received in February through May 2021. The estimated percentages by month that may be received are:

- From February 2021 to November 2021 47%
- From March 2021 to October 2021 18%
- From April 2021 to September 2021 18%
- From May 2021 to August 2021 18%
- From June 2021 to July 2021 0%

The June principal apportionment will be 100% deferred to July 2021.

It is important to maintain adequate cash flow for payroll and other obligations. It is prudent to plan on the full principal apportionment being deferred in the months listed above, as well as for cash flow projections and appropriate action relative to obtaining a Tax Anticipation Note through the County of Marin.

Districts that will be unable to meet their financial obligations in the month(s) of February through June 2021 and have exhausted all other borrowing options may apply for exemption from the deferral(s) pursuant to EC Section 14041.8. Additional information on the deferral exemption application process will be made available in the coming months. Limited funding is available for this exemption; it will be available on a first come, first served basis. LEAs are advised to be preparing this information now. The DOF and SPI will scrutinize the applications for approval.

The Governor's Executive Order authorizing delayed property tax payments may also have an impact on cash flow although in Marin, the County has continued to distribute property tax payments on the Teeter Plan.

## Reserves / Reserve Cap

County offices of education continue to reinforce the need for adequate reserve levels. The Government Finance Officers Association, a national organization representing federal, state and local finance officials, recommends school districts and other local governments maintain reserves of at least two months of operating expenditures (equal to approximately a 17% reserve) to mitigate revenue shortfalls and unanticipated expenditures. The association further recommends all governments develop a formal policy regarding minimum reserves and to consider maintaining reserves larger than 17% when revenues or expenditures are especially volatile.

With the current health and economic volatility, it is critical for decisions about reserve levels to be made thoughtfully and deliberately. Inadequate reserves force districts to react quickly, which can cause significant disruptions to student programs and employees.

Although general fund reserves can be an indicator of cash balances, it is important to remember it is not the same as cash – cash is a component of reserves. Due to the restrictive nature of federal CARES

Act funds, districts are strongly encouraged to maximize the use of these one-time funds during the 2020-21 fiscal year. In so doing, local and unrestricted funds will be preserved to address the impact of potential revenue deterioration in 2021-22 and 2022-23.

Because the district reserve cap has not been triggered in accordance with Education Code Section 42127.01 for the 2020-21 fiscal year, districts are advised to manage and maintain prudent reserves as described above.

## COVID-19

County offices of education are working with the local health officers to align COVID-19 guidance provided by the California Department of Public Health to local conditions based on county attestation. Stronger Together: A Guidebook for the Safe Reopening of California's Public Schools provides guidance to schools. Below are considerations and assumptions to keep in mind:

- Expect a duration of at least 12 to 18 months
- Operations will be highly modified for COVID-19 prevention
- Devastating economic impacts for families
- Greater rates of absence
- Uneven and disproportionate learning impacts when reopening
- Increased need for social-emotional and mental health support
- Restrictions on athletic, extracurricular and co-curricular activities
- Divided and vocal public opinion
- Lack of consistency in school programs and responses across the county

To address these assumptions and otherwise meet the needs of students for in-person instruction, distance learning, or a hybrid environment, LEAs should:

- Create noncontact options to keep 2020-21 processes on track
- Consider the needs of vulnerable students and staff
- Create plans to assess and correct gaps in learning
- Prepare a continuum of options for learning
- Integrate prevention measures in all transitions, settings and situations
- Alter room layouts for physical distancing
- Adapt systems of support for blended and distance learning
- Create procedures to provide meals for children not on campus

## Summary

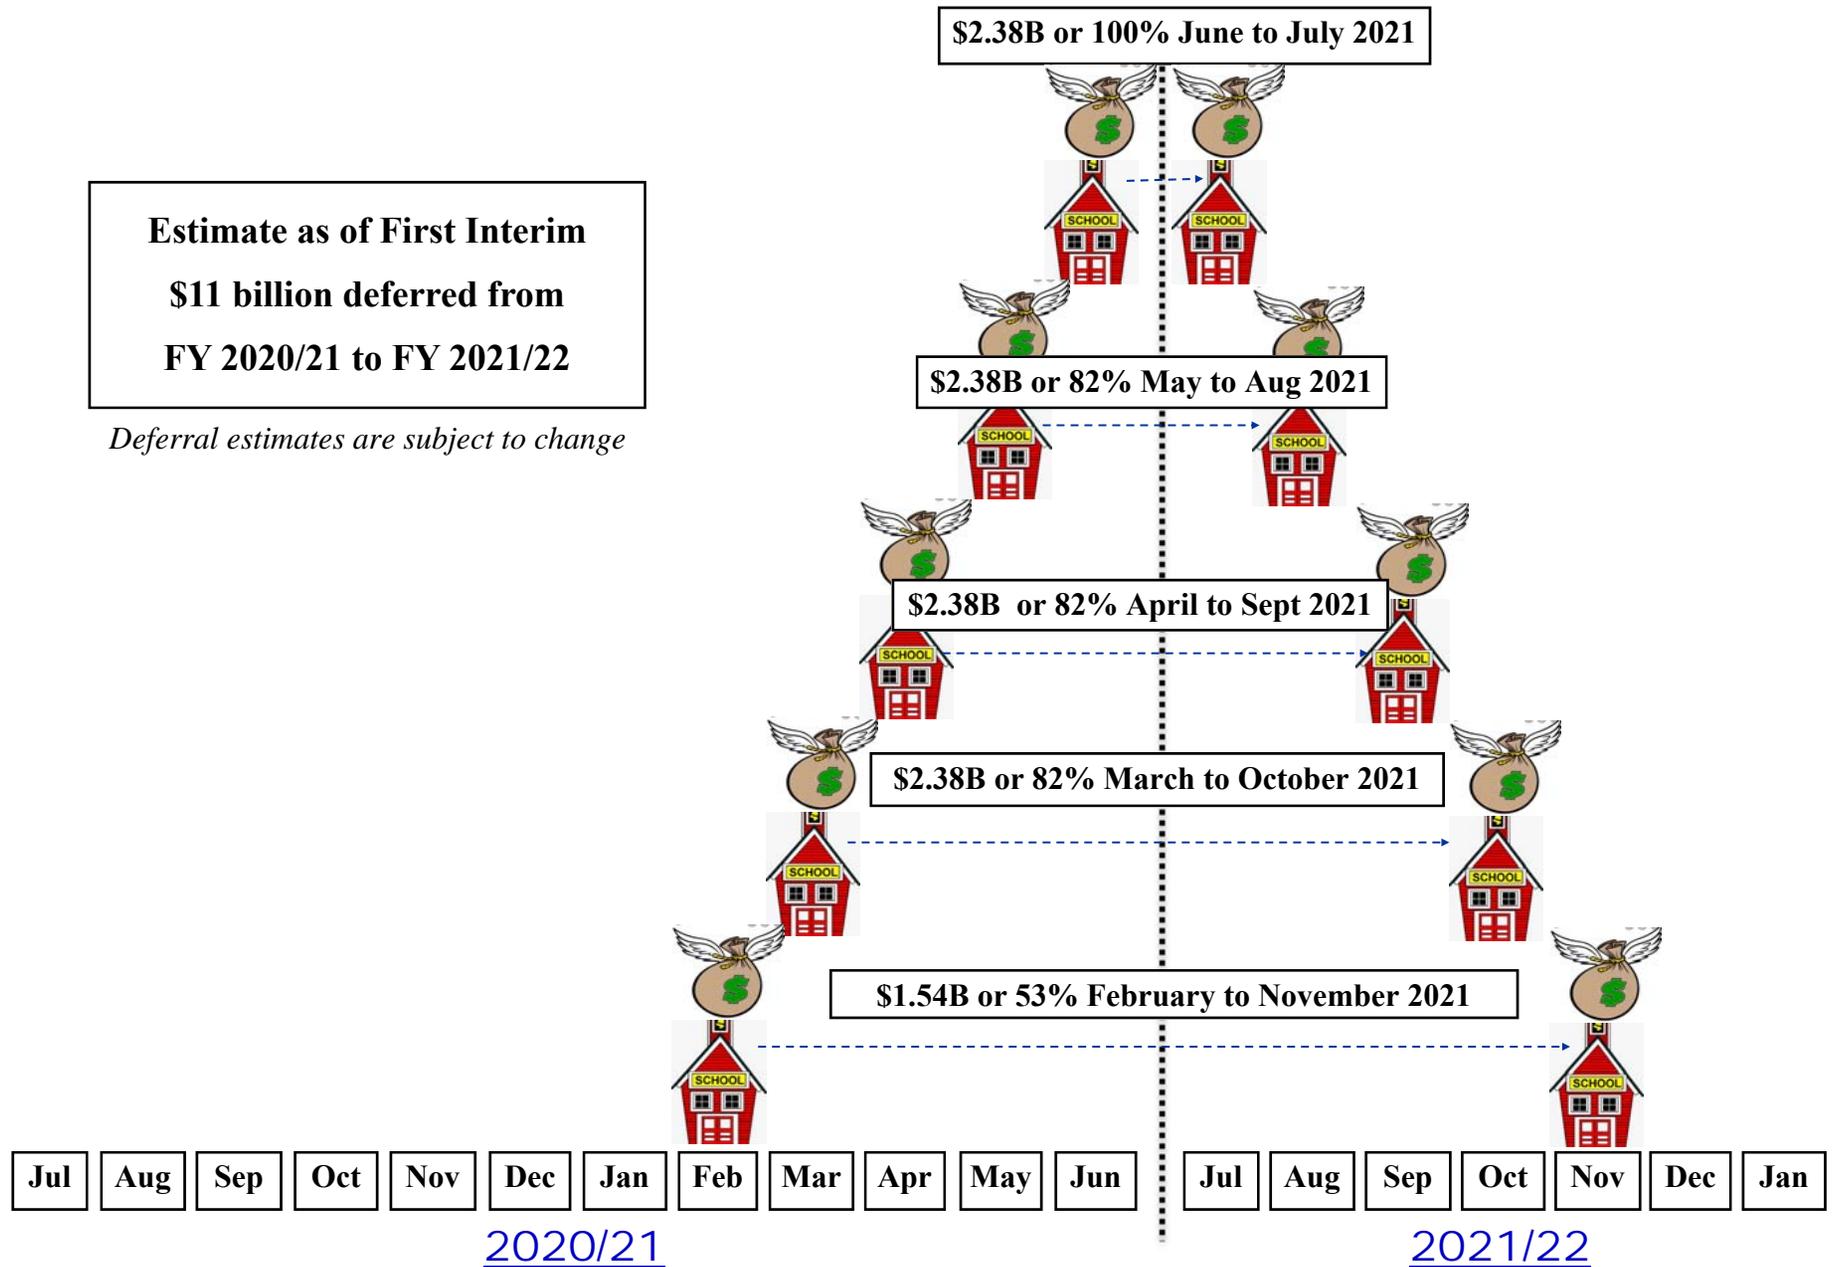

The Marin Common Message is devised to assist LEAs in developing budgets and interim reports and their multiyear projections. How this information affects each LEA is unique. In the projection years, funding growth in the LCFF is expected to be flat at best, with increasing costs related to personnel

(retirement, step and column), which could affect the LEAs' ability to maintain sufficient reserve levels. Special attention must be paid to out-year projections and the contributing factors both within and outside the control of district decision makers. To ensure fiscal solvency, districts will need to use resources cautiously and make prudent fiscal decisions.

## FISCAL REPORT

PUBLIC EDUCATION'S POINT OF REFERENCE FOR MAKING EDUCATED DECISIONS

### LAO Analyzes State Education Spending Plan

BY [PATTI F. HERRERA, EDD](#)

Copyright 2020 School Services of California, Inc.

posted November 4, 2020

Four months into the fiscal year, K–12 and community college practitioners across California are intimately familiar with the most significant aspects of the 2020–21 State Budget pertaining to education as they prepare to absorb over \$12 billion in deferred state payments and adjust their local spending plans in accordance with the resources available through the Budget—all the while attending to the learning needs of their students and preparing to reopen their facilities for in-person instruction once it is safe to do so. While many lived through the Great Recession just a decade ago, the COVID-19 health pandemic ushered in an unprecedented crisis in public education, calling for continuous innovation and heightened, if not new, collaborations at the district, county, and state levels. That is to say, leading their local agencies through a tough budget spawned by an acute recession—while critical—is but one of many challenges K–14 leaders and their staff must manage today.

Understanding the Adopted State Budget, however, is important for local agency business offices and leaders, particularly during tumultuous times. To aid in understanding the State Budget and its local implications, each year the Legislative Analyst's Office (LAO) releases a report describing the major features of the state's spending plan. The LAO released its analysis of the [education spending plan](#) on October 29, 2020, which we summarize below.

#### Proposition 98

The Proposition 98 minimum guarantee has been determined by Test 1 over the last few years, which requires the state to spend approximately 38% of state General Fund revenues on K–14 education. Because of this direct link to state revenues that fluctuate with larger economic conditions, the health pandemic had an immediate and acute impact on the minimum guarantee. The LAO notes that year-over-year Proposition 98 funding dropped a whopping 12.5% from the 2019–20 Enacted Budget level of \$81.1 billion to \$70.9 billion. This picture is less grim when you compare the 2020–21 minimum guarantee to the *revised* 2019–20 estimate that accounts for the pandemic's effect on prior-year funding. The 2019–20 minimum guarantee was revised downward to \$77.7 billion. In that local property taxes have held steady (and are modestly improving) even during the recession, the decline in funding is directly attributable to estimated reductions in state General Fund revenues.

While the State Budget reflects the decline in Proposition 98 funding, it also includes a provision that requires the state to make annual supplemental payments equal to 1.5% of General Fund revenues beginning in 2021–22, up to \$12.4 billion. This provision also increases the minimum guarantee on an ongoing basis in Test 1 years from 38% of General Fund revenues to 40%.

#### Apportionments and Deferrals

Importantly, state lawmakers managed to maintain base apportionment funding for districts at their 2019–20 levels by using a suite of one-time funds, including cashing out the full \$377 million in the Proposition 98 reserve account. However, neither the Local Control Funding Formula for K–12 nor the Student Centered Funding Formula for community colleges—along with other key programs—received the statutory 2.31% cost-of-living adjustment (COLA). The effect of suspending the COLA is of course the loss of local agency purchasing power for ever-increasing obligations.

On the one hand the 2020–21 State Budget preserves base funding while on the other it defers \$11 billion and \$1.5 billion in K–12 and community college apportionments, respectively, beginning with the February 2021 payments. The LAO reminds us that the State Budget included a provision to reduce deferrals if the state received any additional federal assistance by October 15, 2020. Because Washington, D.C., failed to pass a stimulus package by that deadline, K–14 education leaders must be prepared to absorb the full \$12.5 billion in late state payments and the associated borrowing costs unless they can demonstrate that they meet the hardship criteria for exemption. The Department of Finance, the State Controller, and the State Treasurer are authorized to exempt local agencies that qualify for deferral exemptions not to exceed \$300 million and \$60 million per month for K–12 and community college agencies, respectively.

#### Other Significant Investments

Finally, the LAO highlights other significant budget investments, including:

- Increasing the K–12 special education base grant from \$545 per unit of average daily attendance to \$625
- \$6.4 billion in one-time federal funding to cover K–12 costs associated with COVID-19 and to address learning loss

- Repurposing public pension payments to reduce associated costs equal to approximately 2.2% of pay in 2020–21 and 2021–22

The LAO report also includes a description of flexibilities to help local agencies address their budget needs, as well as new programmatic requirements for K–12 districts with respect to distance learning for the 2020–21 school year.

Finally, the LAO is scheduled to release its annual *Fiscal Outlook* report in mid-November, which will provide an up-to-date forecast of California's economy and the budget landscape as we move closer to Governor Gavin Newsom's release of his 2021–22 January State Budget. Stay tuned.

**Proposition 98**

*Proposition 98 Establishes Minimum Funding Level for Schools and Community Colleges.* This minimum funding requirement is commonly called the minimum guarantee. The state calculates the minimum guarantee by comparing three main formulas or “tests” (Figure 1). Each test takes into account certain inputs, such as state General Fund revenue, per capita personal income, and K-12 student attendance. The state can choose to fund at the minimum guarantee or any level above it. It also can suspend the guarantee with a two-thirds vote of each house of the Legislature, allowing the state to provide less funding than the formulas require that year. The state meets the guarantee through a combination of state General Fund and local property tax revenue.

**Minimum Funding Requirement Down Significantly in 2019-20 and 2020-21.** As Figure 2 shows, estimates of the minimum guarantee under the June 2020 budget plan have dropped significantly compared with June 2019 estimates. For 2019-20, the minimum requirement is down \$3.4 billion (4.2 percent). For 2020-21, the minimum requirement is down \$6.8 billion (8.7 percent) from the revised 2019-20 level and \$10.2 billion (12.5 percent) from the 2019-20 level estimated in June 2019. These drops mainly reflect reductions in state General Fund revenue. Test 1 remains operative in both years, with the drop in

the General Fund portion of the guarantee equal to nearly 40 percent of the drop in revenues. The local property tax portion of the guarantee, by contrast, grows slowly from 2019-20 to 2020-21.

**Budget Plan Implements Significant Payment Deferrals.** In both 2019-20 and 2020-21, the budget plan reduces school and community college funding to the lower minimum requirement. It implements these reductions primarily by deferring \$12.5 billion in payments. (When the state defers payments from one fiscal year to the next, the state can reduce spending while allowing school districts to maintain programs by borrowing or using cash reserves.) Of the \$12.5 billion, \$11 billion applies to K-12 schools and \$1.5 billion applies to community colleges. Although the budget plan authorized the Department of Finance to rescind up to \$6.6 billion of the deferrals if the state received additional federal funding by October 15, 2020, Congress did not approve any additional funds prior to this deadline.

**Makes a Few Other Spending Adjustments.** In addition to the deferrals, the budget plan makes a few other adjustments to school and community college funding. Most notably, it does not provide the 2.31 percent statutory cost-of-living adjustment for school and community college programs in 2020-21. The budget plan also uses \$833 million in one-time funds to cover costs for the K-12 Local Control Funding Formula (LCFF) and community college apportionments in 2019-20 and 2020-21. These one-time funds consist of \$426 million in unspent prior-year funds and a \$407 million settle-up payment. In addition, the budget plan withdraws the entire \$377 million the state deposited into the Proposition 98 Reserve in the fall of 2019. (Formulas in the State Constitution govern Proposition 98 Reserve deposits and withdrawals.) Finally, the budget plan obtains \$240 million in savings (\$110 million in 2019-20 and \$130 million in 2020-21) from eliminating unallocated State Preschool slots.

**Creates Supplemental Obligation to Increase Funding Beginning in 2021-22.** This obligation has two parts. First, it requires the state to make temporary payments on top of the Proposition 98 guarantee beginning in 2021-22. Each payment will equal 1.5 percent of annual General Fund revenue. The state can allocate these payments for any school or community college purpose. Payments will continue until the state has paid \$12.4 billion—the amount of funding schools and community colleges could have received under Proposition 98 if state revenues had continued to grow. (Technically, the obligation equals the total difference between the Test 1 and Test 2 funding levels in 2019-20 and 2020-21.) Second, the obligation requires the state to increase the minimum share of General Fund revenue allocated to schools and community colleges from 38 percent to 40 percent on an ongoing basis. This increase is set to phase in over the 2022-23 and 2023-24 fiscal years.

## K-12 Education

**Proposition 98 Funding Decreases 12 Percent.** The budget package includes \$62.5 billion in Proposition 98 funding for K-12 education in 2020-21—\$8.7 billion (12.2 percent) less than the 2019-20 Budget Act level. Figure 3 describes the major changes.

***Defers \$11 Billion in K-12 Payments, Allows Exemptions in Limited Circumstances.*** The state distributes funding for LCFF and special education following a monthly payment schedule established in law. The budget plan modifies this schedule in 2019-20 to defer \$1.9 billion in payments to the following fiscal year. In 2020-21, the budget plan maintains these deferrals and adopts \$9.1 billion in additional deferrals. Under the modified schedule (see Figure 4), portions of the payments otherwise scheduled for the months of February through June will be paid over the July through November period. The total amount deferred equates to about 16 percent of all state and local funding schools receive for LCFF and special education, or 24 percent of the General Fund allocated for these programs. If a district or charter school can demonstrate it would be unable to meet its financial obligations because of the deferrals, and has exhausted all other sources of internal and external borrowing, it can apply for an exemption. The law allows the Department of Finance, State Controller, and State Treasurer to authorize up to \$300 million in deferral exemptions per month. If these exemption requests exceed the funding available, the earliest applications will be approved first.

**Addresses Historically Low-Funded Special Education Regions.** Most state special education funding is provided to Special Education Local Plan Areas (SELPAs) based on total student attendance within the area. (Most SELPAs are regional collaborations of neighboring districts, county offices of education [COEs], and charter schools, though some consist of only a single large district.) Each SELPA receives a unique per-student rate linked to certain historical factors. In 2019-20, these per-student rates varied from \$557 to more than \$900. The budget provides \$545 million to bring low-funded SELPAs to a new rate of \$625 per student. This rate is roughly equivalent to the 93<sup>rd</sup> percentile of current rates.

**Allocates \$6.4 Billion in One-Time Federal Funding.** As Figure 5 shows, the budget package allocates \$6.4 billion in one-time federal Coronavirus Aid, Relief, and Economic Security (CARES) Act funding for K-12 education. The majority of funding (\$4.8 billion) is provided for learning loss mitigation. The budget also includes \$1.5 billion that can be used for a variety of activities and is distributed based on counts of low-income and disadvantaged children. The remaining funds are used to provide higher reimbursement rates for some school meals, create a competitive grant program for implementing the community schools model, and cover state costs of allocating and overseeing how CARES Act funds are spent.

<sup>c</sup>Budget also includes \$80 million Proposition 98 funding for this purpose.

CARES = Coronavirus Aid, Relief, and Economic Security and COVID-19 = coronavirus disease 2019.

**Funds Learning Loss Mitigation Activities.** The budget package provides \$5.3 billion in one-time funding for activities mitigating learning loss due to coronavirus disease 2019 (COVID-19) school closures. This amount consists of \$4.4 billion from the federal Coronavirus Relief Fund, \$540 million Proposition 98 General Fund, and \$355 million from the federal Governor's Emergency Education Relief Fund. Allocations from the Coronavirus Relief Fund can be used to cover eligible costs incurred between March 1, 2020 and December 30, 2020, while the remainder of the funding covers costs incurred between March 13, 2020 and September 30, 2022. Allowable activities include expanding learning supports, increasing instructional time, offering additional academic services (such as diagnostic assessments and devices and connectivity for distance learning), and addressing other barriers to learning (such as mental health services, professional development for teachers and parents, and student meals). Of this funding, \$2.9 billion is to be allocated based on LCFF supplemental and concentration grants, \$1.5 billion based on the number of students with disabilities, and \$980 million based on total LCFF allocation.

**Funds Schools Based on 2019-20 Attendance Levels, Allows Growth Under Certain Conditions.** For funding purposes, the state ordinarily credits school districts with their average daily attendance in the current or prior year, whichever is higher. Charter schools and COEs are funded according to their attendance in the current year only. In 2020-21, however, the state will not collect average daily attendance data. Instead, districts, charter schools, and COEs will be funded according to their 2019-20 attendance levels unless they had previously budgeted for attendance growth. Any attendance growth for a district or charter school is limited to the lower of its (1) previously projected increase in enrollment or attendance, as documented in its budget, or (2) actual increase in enrollment from October 2019 to October 2020. (For this calculation, enrollment numbers are converted to an equivalent amount of average daily attendance by adjusting them for the statewide average absence rate.) Charter schools providing most of their instruction outside of a traditional classroom setting (such as online charter schools) are ineligible for growth funding. The trailer legislation also allows a few other attendance-related adjustments. Most notably, if a charter school closes during the 2020-21 school year, the attendance it previously generated will be credited to its sponsoring school district.

**Modifies Instructional Requirements to Allow for Distance Learning.** The budget package suspends requirements for annual instructional minutes for 2020-21 to provide additional flexibility to schools and allows minimum instructional day requirements be met through a combination of in-person instruction and distance learning. The budget package also sets expectations for distance learning. Among other specified activities, distance learning must be substantially equivalent to in-person instruction; include daily live interaction between teachers and students; and provide appropriate supports to students with disabilities, English learners, and other student subgroups.

**Requires Learning Continuity and Attendance Plans in 2020-21.** Existing law requires school districts, COEs, and charter schools to annually adopt a Local Control and Accountability Plan (LCAP) that sets goals in key state priority areas and specifies actions they will take to achieve these goals. On April 28, 2020, the Governor issued an executive order that shifted the 2020-21 LCAP deadline from July 1, 2020 to December 15, 2020. However, budget trailer legislation eliminates the LCAP requirement for 2020-21 and instead requires school districts, COEs, and charter schools to adopt a Learning Continuity and Attendance Plan by September 30, 2020. These plans must include descriptions of (1) actions that will be taken to provide continuity of learning and address the impact of COVID-19 on students, staff, and the community; (2) how state and federal funding is being used to support the actions specified; and (3) how services for students who are low income, English learners, and/or foster youth will be increased or improved. Trailer legislation also requires the Superintendent of Public Instruction, by August 1, 2020, to develop a template for local education agencies to use in adopting their Learning Continuity and Attendance Plan.

**Prohibits Layoffs for Teachers and Certain Other Employees.** State law generally prohibits districts from laying off certificated employees (including teachers, administrators, and counselors) unless the affected employees received preliminary notice on or before March 15 of the preceding school year. An exception to this law allows districts to initiate layoffs between the adoption of the state budget and August 15 if their per-pupil funding does not increase at least 2 percent over the previous year. For 2020-21, the budget plan eliminates the August layoff window for all certificated employees except those in administrative positions (such as school principals and vice principals). Regarding classified employees (including instructional aides, clerical staff, custodians, and other non-certificated employees), the law ordinarily allows districts to initiate layoffs at any time, provided the affected employees receive at least 60 days' notice. For 2020-21, the budget plan prohibits districts from laying off classified employees who work in nutrition, transportation, or custodial services. It also encourages districts to avoid laying off employees who work in other areas.

**Includes Additional Fiscal Flexibility in a Few Areas.** Budget trailer legislation includes several changes to provide more spending flexibility for school districts:

- For the purposes of calculating minimum routine maintenance deposits, excludes one-time funding for state pension payments on behalf of school districts, learning loss mitigation funds, and federal Elementary and Secondary School

Emergency Relief funds. Typically, school districts receiving funding from the state's School Facility Program are required to establish a restricted account for routine maintenance of school facilities and deposit 3 percent of the district's annual expenditures.

- Allows for proceeds from the sale or lease of surplus property purchased entirely with local funds to be used for one-time general fund purposes through 2023-24.
- For the purpose of spending restricted lottery revenues, permanently expands the definition of instructional materials to also include laptop computers and devices that provide internet access. Schools and community colleges receive about \$450 million in lottery revenues annually that must be spent on instructional materials.
- Allows the California Department of Education (CDE) to waive several programmatic requirements for the After School Education and Safety program.

**Repurposes Prior Pension Payment to Reduce District Costs Over the Next Two Years.** School district pension costs have been rising relatively quickly over the past several years. To help mitigate future cost increases, the 2019-20 budget plan included \$2.3 billion non-Proposition 98 General Fund to make a supplemental pension payment on behalf of schools and community colleges. Of this amount, \$1.6 billion was for the California State Teachers' Retirement System and \$660 million was for the California Public Employees' Retirement System. (Nearly all school employees are covered by one of these two pension systems.) At the time, the state estimated that the supplemental payment could reduce district pension costs by roughly 0.3 percent of annual pay over the next few decades. The 2020-21 budget plan repurposes this payment to reduce pension costs by a larger amount over the next two years. Specifically, districts will receive cost savings of approximately 2.2 percent of pay in 2020-21 and 2021-22, but will not experience savings over the following decades. We provide further information on budget actions affecting the state's pension systems in our Pensions post <<https://lao.ca.gov/Publications/Report/4279>> .

**Supports New and Ongoing CDE Workload.** The budget provides CDE with 9.5 additional positions and an associated \$3.6 million augmentation for accommodating new workload. Of that amount, \$2.2 million is one time and \$1.4 million is ongoing. The most notable one-time workload is related to allocating and monitoring federal CARES Act funding. The new ongoing workload includes tracking implementation of changes for charter school petitions and renewals, as well as supporting new workload related to deferrals and attendance changes. A list of all new K-12 workload <<https://lao.ca.gov/Education/EdBudget/Details/451>> for the department is on our EdBudget website.

## FISCAL REPORT

PUBLIC EDUCATION'S POINT OF REFERENCE FOR MAKING EDUCATED DECISIONS

### Foreshadowing the Impact of Declining Enrollment on 2022–23: Act Now

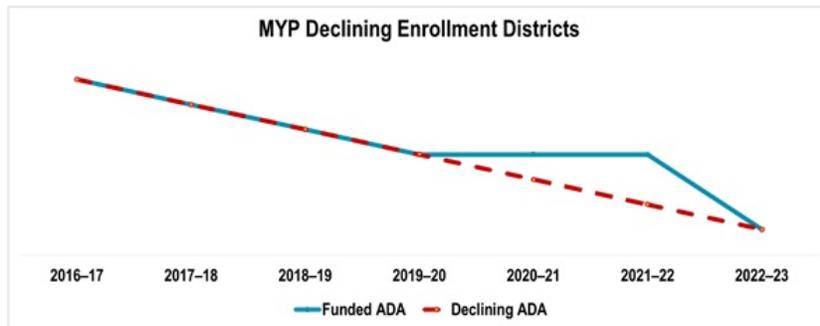

**BY JOHN GRAY**

**BY ROBERT MCENTIRE, EDD**

posted November 6, 2020

As we travel the state helping local educational agencies (LEAs) work through complex problems, concerns regarding stakeholder ambivalence about the looming impact of the hold harmless provision on the multiyear projections, staffing and fiscal solvency for declining enrollment districts is beginning to ring loud. Executive Order N-26-20 provided average daily attendance (ADA) protection in 2019–20 by amending the calendar used to determine the period for Second Principal Apportionment (P-2) and the Annual Apportionment (P-Annual). In fact, both P-2 and P-Annual concluded by February 29, 2020. Education Code Section (EC §) 43502(b) requires the California Department of Education to use actual attendance reported at the 2019–20 P-2 and P-Annual reporting periods as the basis for funding in 2020–21, and this includes all programs funded on an ADA-basis such as the Mandate Block Grant and the Lottery. Attendance for 2020–21 is not collected by the state, so ADA protection extends to 2021–22, as seen in the figure below.

MYP = multiyear projection

While the Executive Order provided a brief respite for ADA, it did nothing for the other major component of the Local Control Funding Formula (LCFF) calculation—the unduplicated pupil percentage (UPP). Under normal circumstances, the UPP population is collected through direct certification at the county level, completion of qualifying free or reduced-price meals (FRPM) applications, or an income verification form. In an effort to address food insecurity, the USDA has extended the fully funded summer feeding programs for LEAs that qualify, thereby removing any incentive for families to complete the FRPM application. This leaves LEAs with the daunting task of collecting income verification forms for which there is no direct benefit to families for completing, only the promise for more classroom funding, when students are learning from home. The UPP number used in the LCFF calculation includes data for three years, so the impact from this year will be muted some, but will affect funding for the neediest students in the state for the next three years.

LEAs with declining enrollment will benefit from having their ADA held harmless for 2020–21 and 2021–22, but could see a substantial reduction in funding due to the reality that families are just refusing to submit income verification forms resulting in a lower UPP. Compounding matters further, the hold harmless has created the perception that “everything is okay,” for many stakeholders while most LEAs are in declining enrollment. Districts that are experiencing ongoing declining enrollment will have to address the cumulative impact of two or more years of decline in 2022–23. Despite the ADA hold harmless, we recommend that districts take the necessary steps to align staffing and expenditures to the number of students being served during the 2021–22 fiscal year and not based on a hold harmless.
