

PHYSICAL EDUCATION AND ACTIVITY

The Board of Trustees recognizes the positive benefits of physical activity on student health and academic achievement. The district shall provide all students the opportunity to be physically active on a regular basis through high-quality physical education instruction and may provide additional opportunities for physical activity throughout the school day. The district's physical education and activity programs shall support the district's coordinated student wellness program and encourage students' lifelong fitness.

The district's physical education program shall provide a developmentally appropriate sequence of instruction aligned with the state's model content standards and curriculum framework.

The district's physical education program shall engage students in moderate to vigorous physical activity, as defined in the accompanying administrative regulation, for at least 50 percent of class or session time. The Superintendent or designee shall develop strategies to monitor the amount of moderate to vigorous physical activity that takes place in the physical education instructional program.

The Superintendent or designee may ensure that the district's program provides students with equal opportunities for instruction and participation regardless of gender in accordance with law.

Students with disabilities shall be provided instruction in physical education in accordance with their individualized education program or Section 504 accommodation plan.

During air pollution episodes, extreme weather, or other inclement conditions, physical education staff may make appropriate adjustments to the program or may seek alternative indoor space to enable students to participate in active physical education.

The Superintendent or designee may develop strategies to supplement physical education instruction with additional opportunities for students to be physically active before, during, and after the school day.

Staffing

Physical education instruction shall be delivered by appropriately credentialed teachers who may be assisted by instructional aides, paraprofessionals, and/or volunteers.

The district shall provide physical education teachers with continuing professional development, including classroom management and instructional strategies designed to keep students engaged and active and to enhance the quality of physical education instruction and assessment.

Physical Fitness Testing

The Superintendent or designee shall annually administer the physical fitness test designated by the State Board of Education (FITNESSGRAM) to students in grades 5 and 7. (Education Code 60800; 5 CCR 1041)

Temporary Exemptions

The Superintendent or designee may grant a student a temporary exemption from physical education under either of the following conditions: (Education Code 51241)

1. The student is ill or injured and a modified program to meet his/her needs cannot be provided.
2. The student is enrolled for one-half time or less.

Program Evaluation

The Superintendent or designee shall annually report to the Board each school's FITNESSGRAM results for each applicable grade level. He/she shall also report to the Board regarding the number of instructional minutes offered in physical education for each grade level, the number of two-year and permanent exemptions granted pursuant to Education Code 51241, and any other data agreed upon by the Board and the Superintendent or designee to evaluate program quality and the effectiveness of the district's program in meeting goals for physical activity.

PHYSICAL EDUCATION AND ACTIVITY**Definitions**

Physical education is a sequential educational program that teaches students to understand and participate in regular physical activity for developing and maintaining physical fitness throughout their lifetime, understand and improve their motor skills, enjoy using their skills and knowledge to establish a healthy lifestyle, and understand how their bodies work.

Physical activity is bodily movement that is produced by the contraction of skeletal muscle and that substantially increases energy expenditure, including exercise, sport, dance, and other movement forms.

Moderate physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, walking briskly, dancing, swimming, or bicycling on level terrain. A person should feel some exertion but should be able to carry on a conversation comfortably during the activity.

Vigorous physical activity is any activity which generally requires sustained, rhythmic movements and refers to a level of effort a healthy individual might expend while, for example, jogging, participating in high-impact aerobic dancing, swimming continuous laps, or bicycling uphill. Vigorous physical activity may be intense enough to result in a significant increase in heart and respiration rate.

Instructional Time

Instruction in physical education shall be provided for at least the following minimum period of time: (Education Code 51210, 51222, 51223)

1. For students in grades 1-6, 200 minutes each 10 school days, exclusive of recesses and the lunch period
2. For students in grades 7-8 attending an elementary school, 200 minutes each 10 school days, exclusive of recesses and the lunch period
3. For students in grades 7-8 attending a middle school or junior high school, 400 minutes each 10 school days

If the instructional minute requirement cannot be met during any 10-day period due to inclement weather, a school assembly, field trip, student assessment, or other circumstance, the school shall make up those minutes on another day in order to satisfy the instructional minute requirement.

The Superintendent or designee shall determine a method to document compliance with the required number of instructional minutes. Such documentation may include, but not be limited to, a master schedule, teacher roster, or log for staff or students to record the number of physical education minutes completed.

Any complaint alleging noncompliance with the instructional minute requirement for elementary schools may be filed in accordance with the district's procedures in AR 1312.3 - Uniform Complaint Procedures. A complainant not satisfied with the district's decision may appeal the decision to the

California Department of Education (CDE). If the district or the CDE finds merit in a complaint, the district shall provide a remedy to all affected students and parents/guardians. (Education Code 51210, 51223; 5 CCR 4600-4687)

Physical Fitness Testing

During the annual assessment window between the months of February through May, students in grades 5 and 7 shall be administered the physical fitness test designated by the State Board of Education (FITNESSGRAM). (Education Code 60800; 5 CCR 1041)

The Superintendent or designee may provide a make-up date for students who are unable to take the test based on absence or temporary physical restriction or limitations, such as students recovering from illness or injury. (5 CCR 1043)

Students shall be provided with their individual results after completing the FITNESSGRAM. The test results may be provided in writing or orally as the student completes the testing and shall be included in his/her cumulative record. (Education Code 60800; 5 CCR 1043.10, 1044)

The Superintendent or designee shall report the aggregate results of the FITNESSGRAM in the annual school accountability report card required by Education Code 33126 and 35256. (Education Code 60800)

Testing Variations

All students may be administered the FITNESSGRAM with the following test variations: (5 CCR 1047)

1. Extra time within a testing day
2. Test directions that are simplified or clarified

All students may have the following test variations if they are regularly used in the classroom: (5 CCR 1047)

1. Audio amplification equipment
2. Separate testing for individual students provided that they are directly supervised by the test examiner
3. Manually Coded English or American Sign Language to present directions for test administration

Students with a physical disability and students who are physically unable to take all of the test shall undergo as much of the test as their physical condition will permit. (Education Code 60800; 5 CCR 1047)

Students with disabilities may be provided the following accommodations if specified in their individualized education program (IEP) or Section 504 plan: (5 CCR 1047)

1. Administration of the test at the most beneficial time of day to the student after consultation with the test contractor
2. Administration of the test by a test examiner to the student at home or in the hospital
3. Any other accommodation specified in the student's IEP or Section 504 plan for the physical fitness test

Identified English learners may be allowed the following additional test variations if regularly used in the classroom: (5 CCR 1048)

1. Separate testing with other English learners, provided that they are directly supervised by the test examiner
2. Test directions translated into their primary language, and the opportunity to ask clarifying questions about the test directions in their primary language

Additional Opportunities for Physical Activity

The Superintendent or designee shall implement strategies for increasing opportunities for physical activity outside the physical education program, which may include, but not be limited to:

1. Training recess and lunch supervisors on methods to engage students in moderate to vigorous physical activity
2. Encouraging teachers to incorporate physical activity into the classroom
3. Establishing extracurricular activities that promote physical activity, such as school clubs, intramural athletic programs, dance performances, special events, and competitions
4. Incorporating opportunities for physical activity into before- or after-school programs and/or child care and development programs
5. Exploring opportunities for joint use of facilities or grounds in order to provide adequate space for students and community members to engage in recreational activities
6. Developing business partnerships to maximize resources for physical activity equipment and programs
7. Developing programs to encourage and facilitate walking, bicycling, or other active transport to and from school
