

PREGNANT/PARENTING STUDENTS

The Board of Trustees recognizes that responsibilities related to pregnant or parenting students and related responsibilities may disrupt a student's education and increase the chance of a student dropping out of school. The Board therefore desires to support pregnant and parenting students to continue their education, attain strong academic and parenting skills, and promote the healthy development of their children.

The district shall not exclude or deny any student from any educational program or activity, including any class or extracurricular activity, solely on the basis of the student's pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery. In addition, the district shall not adopt any rule concerning a student's actual or potential parental, family, or marital status that treats students differently on the basis of sex. (Education Code 221.51, 230; 5 CCR 4950; 34 CFR 106.40)

The Superintendent or designee shall annually notify parents/guardians at the beginning of the school year of the rights and options available to pregnant and parenting students under the law. In addition, pregnant and parenting students shall be notified of the rights and options available to them under the law through annual school year welcome packets and through independent study packets. (Education Code 222.5, 48980)

Education and Support Services for Pregnant and Parenting Students

Pregnant and parenting students shall retain the right to participate in the regular education program or an alternative education program. The classroom setting shall be the preferred instructional strategy unless an alternative is necessary to meet the needs of the student and/or the student's child.

Any alternative education program, activity, or course that is offered separately to pregnant or parenting students, including any class or extracurricular activity, shall be equal to that offered to other district students. A student's participation in such programs shall be voluntary. (Education Code 221.51; 5 CCR 4950)

If required for students with any other temporary disabling condition, the Superintendent or designee may require a student, based on pregnancy, childbirth, false pregnancy, termination of pregnancy, or related recovery, to obtain certification from a physician or nurse practitioner indicating that the student is physically and emotionally able to continue participation in the regular education program or activity. (Education Code 221.51; 5 CCR 4950; 34 CFR 106.40)

To the extent feasible, the district shall provide educational and related support services, either directly or in collaboration with community agencies and organizations, to meet the needs of pregnant and parenting students and their children. Such services may include, but are not limited to:

1. Parenting education and life skills instruction
2. Special school nutrition supplements for pregnant and lactating students pursuant to Education Code 49553, 42 USC 1786, and 7 CFR 246.1-246.28
3. Health care services, including prenatal care

Parental Leave

A pregnant or parenting student shall be entitled to eight weeks of parental leave in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. Such leave may be taken before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The Superintendent or designee may grant parental leave beyond eight weeks if deemed medically necessary by the student's physician. (Education Code 46015; 34 CFR 106.40)

When a student takes parental leave, the attendance supervisor shall ensure that absences from the regular school program are excused until the student is able to return to the regular school program or an alternative education program. A pregnant or parenting student shall not be required to complete academic work or other school requirements during the period of the parental leave. (Education Code 46015)

Following the leave, a pregnant or parenting student may elect to return to the school and the course of study in which the student was enrolled before taking parental leave or to an alternative education option provided by the district. Upon return to school, a pregnant or parenting student shall have opportunities to make up work missed during the leave, including, but not limited to, makeup work plans and reenrollment in courses. (Education Code 46015)

Accommodations

When necessary, the district shall provide accommodations to enable a pregnant or parenting student to access the educational program.

A pregnant student shall have access to any services available to other students with temporary disabilities or medical conditions. (34 CFR 106.40)

The school shall provide reasonable accommodations to any lactating student to express breast milk, breastfeed an infant child, or address other needs related to breastfeeding. A student shall not incur an academic penalty for using any of these reasonable accommodations, and shall be provided the opportunity to make up any work missed due to such use. Reasonable accommodations include, but are not limited to: (Education Code 222)

Complaints

Any complaint alleging discrimination on the basis of pregnancy or marital or parental status, district noncompliance with the requirements of Education Code 46015, or district noncompliance with the requirement to provide reasonable accommodations for lactating students shall be addressed through the district's uniform complaint procedures in accordance with 5 CCR 4600-4670 and BP/AR 1312.3 - Uniform Complaint Procedures. A complainant who is not satisfied with the district's decision may appeal the decision to the California Department of Education (CDE). If the district or CDE finds merit in an appeal, the district shall provide a remedy to the affected student. (Education Code 222, 46015; 5 CCR 4600- 4670)

Program Evaluation

The Superintendent or designee shall periodically report to the Board regarding the effectiveness of district strategies to support pregnant and parenting students, which may include data on student participation in district programs and services, academic achievement, school attendance, graduation rate, and/or student feedback on district programs and services.
